The speech by Hon. D. P. Sagendorph, at Salisbury Hall on Monday night, was not up to Mr. Sagendorph's usual efforts, but was intended to be a frank statement of the present canvass, judging it from his, the Prohibition, standpoint. Rev. L. B. Platt left on the 9.30 train Monday morning for Baltimore, Maryland. In answer to the "Query" of a well-known citizen, we say once for all, that THE TIMES has no mud to throw at the candidates on the fusion ticket, local or State. We shall make a square, vigorous fight for the Republican candidates and for Republican principles. If there is to be mud thrown some other agency than THE TIMES must be selected to throw it.
The fusion convention in this city last Saturday, nominated Lawrence VanDusen, of Owosso, for Representative in the State Legislature. Van is a clever fellow, and has lots of personal friends, but as the representative of "the lost cause," and "dishonest money," cannot expect either Republicans, or hard money Democrats to vote for him.

Towne, formerly of this city, now of the Department of Public Instruction at Lansing, delivered a speech at Meridan, Ingham county, last Saturday evening, of which the Lansing Republican says, "no more masterly exposition of the financial questions of the day has ever been presented to a Michigan audience," of which we hope to be able to print a synopsis next week.
In the vegetable department at our county fair, Mr. Ledbetter exhibited some as fine specimens as we have seen in many a day, and it will pay any man interested in gardening to visit his extensive grounds north of King and east of Hickory street, and see his crop of celery, now growing there, and from which he must reap a rich harvest. More such gardens would be for the best interest of our people.
Mr. Harry Warner and Mr. Homer H. Butler, of Meadville, Pennsylvania, who have been spending a few days visiting the Carpenter brothers and other friends in Owosso, have now gone north in Ogemaw county, in company with the Carpenter brothers, the Matlock brothers, and two other gentlemen whose names we did not learn, on a deer hunt. We hope they will have lots of sport, find D-e-a-r-s plenty, and return from their trip richly laden.
Dr. you know, if you know anything about the printing business, that there was no fraud about the matter of the posters for the County Fair, that they were in every legitimate sense "Times Print." Besides when you say they were printed in Detroit, you say that about which you know nothing. The society employed THE TIMES to publish the posters; they were delivered on time to the satisfaction of the Committee, from THE TIMES office, and it is just none of your business which one of our employees did the work. It was THE TIMES print and you know it. If you want to attack us, better select some more legitimate subject of attack, if you can find one; if not, keep the peace.

Temperance Meeting.
The quarterly meeting of the Maple River Temperance and Reform Society, will be held on Sunday next, Oct. 8th, at 12 o'clock, m., at the Baptist church, in that place. Speakers from abroad are expected to be present, of whom we may mention Mr. Dewey, of THE TIMES, and Dr. C. P. Parkill and perhaps others. Local effort and talent, recitations, music etc. will be brought into requisition to make the meeting interesting and profitable to all. The wide spread and deep interest which at present prevades society with reference to this subject, is highly encouraging, and justifies the hope that every earnest concerted effort to diffuse information, truth and facts, will be heartily appreciated by every friend of sobriety and good order, and backed up by a constantly improving public sentiment. The usual morning service will be omitted for the day, no service of any kind until the work of the society is taken up on noon.

The White at the State Fair.
Word comes from Jackson that of the numerous displays of Sewing Machines at the State Fair, the "White" took the lead of all others, as in fact it does all over the State. Mr. R. VanNess, the general traveling agent, and Mr. Oakley Selleck, the fancy embroidery expert, had charge of the display, and kept a crowd of interested ladies near the center of Art Hall, where their booth was situated, all during the Fair. The specimens of work shown and executed on the spot by Mr. Selleck and other machine operatives excelled anything of the kind seen, and the universal verdict of all who examined the machines and their work is that it stands at the front in point of mechanical construction and valuable improvements, while those who have used them for years pronounce the White the most durable and less liable to get out of repair of any sewing machine in the world. Michigan Sewing Machine and Organ Company, Owosso, Michigan, Gen'l Agents.
